

## Doctor, do I have ADD? Attention Deficit Hyperactivity Disorder (ADHD)

Albert Road Clinic is very pleased to invite you to attend an evening of GP education looking at Attention Deficit Syndrome. ADHD is a condition that begins in childhood but continues to pose problems even in adulthood. If the condition is undiagnosed or not properly managed it poses problems for the individual. Dr Mahendra Perera, Consultant Psychiatrist, who has special interest in ADHD and substance use disorders, will conduct the interactive presentation.
